

Parental/Guardian Consent for Educational Field Trips

The Maplewood Richmond Heights Board of Education has authorized field trips related to specific curricular purposes as a valid extension of children’s educational experience beyond the limits of school confines.

However, in administering the District field trip Program, neither the Board nor its professional staff can take responsibility for student safety and welfare beyond normal prudent requirements of school and classroom management. While under Missouri Law the district is not lale for injuries to students, every precaution will be taken for the safety fod welfare of all children on all authorized field trips.

Parents are asked to sign this permission slip as evidence that they accept these conditions and hereby release and hold harmless all members of the staff and Board of Education of the School District of Maplewood richmond Heights from all claims and that they authorize the child listed here-in to participate in educational field trips.

If I am unable to accompany my child on any given field trip and in recognition that in the event of an emergency my child might be in need of emergency medical treatment, I am authorizing the holder of this document to procure any and all medical treatment he or she deems appropriate.
