

Harvest of the Month

Pears

Pears are an excellent source of fiber and a good source of Vitamin C. It also contains a good bit of potassium! They can come in a rainbow of colors such as green, red, yellow, and brown. As a part of the rose family, they are related to apples, cherries, and peaches. A few common varieties are the Bartlett, Bosc, and Green or Red Anjou.

Eat them raw or cooked for a delicious treat!

It's National Pear Month!
