## **MRH DISTRICT MISSION STATEMENT:**

The mission of the Maplewood Richmond Heights School District is to inspire and prepare students as leaders, scholars, stewards and citizens for a diverse and changing world.

## **DISTRICT POLICIES:**

The policies of the Maplewood Richmond Heights School district may be obtained in a searchable format at:

[https://simbli.eboardsolutions.com/SB\\_ePolicy/SB\\_PolicyOverview.aspx?S=442&Sch=442](https://simbli.eboardsolutions.com/SB_ePolicy/SB_PolicyOverview.aspx?S=442&Sch=442)

### **Cornerstones:**

Central to our mission is the statement that we will inspire and prepare students as leaders, scholars, stewards and citizens. We call these four concepts “the cornerstones” of our district.

#### Scholarship

Academic rigor is at the heart of what we do in all our schools. In 2011, MRH had the biggest increase in test scores out of over 50 school districts in our region.

#### Leadership

Leadership courses, student government, off-site training, principals’ advisory groups...just a few of the many ways MRH students gain valuable leadership skills that they can use long after they’ve graduated.

#### Stewardship

We believe we are one human family on this planet and it is our responsibility to care for and nurture our collective home. We put this belief into practice in all aspects of the schools, from the classroom to the lunch room.

#### Citizenship

At MRH, we are creating global citizens, students who will grow into adults with strong values and understandings in the areas of social justice, systems thinking, and cultural awareness.

### **Values:**

At MRH, we value...

#### Highly Qualified Teachers

We have one of the highest percentages of National Board Certified Teachers in the county.

#### Personalized Service

Our Home Visit program builds quality relationships with parents while small class sizes help students succeed.

#### Academic Rigor

Test scores keep increasing across the district and the high school has nearly doubled the number of college prep courses being offered.

#### Technology for 21st Century Learning

We were the first public school district in the county with one-to-one laptops at the secondary level.

#### Diversity

We implement professional development in social justice and culturally responsive teaching.

#### Outstanding Facilities

Almost every learning space in the entire district has been renovated since 2002 or is entirely new. Proposition E, a \$30 million bond issue, was approved handily by voters on June 2, 2020. The high school/middle school complex, occupying a building nine decades old, gets the lion's share of the improvements... including more than a dozen new classrooms, a larger cafeteria, an additional gymnasium, and reconfigured offices.

#### Community

MRH has seen tremendous improvement in recent years. Having good teachers, quality facilities, and a rigorous curriculum has been critical to our progress. At the heart of our improvement is the strong ties MRH has with the community. Our partnership with both cities, its residents, and local businesses is a model for other school districts. It's one of the many reasons why the Maplewood Richmond Heights School District is a wonderful place to live, work, and learn.

## **WELCOME TO MRH HIGH SCHOOL: A NOTE FROM THE PRINCIPAL**

August 25, 2020

Dear Students,

Welcome to MRH High School, "School as an Apprenticeship"! It's an honor and privilege to be your principal and know I am anxious to get to know each and every one of you as we go through this journey together. And yes, it is a unique journey in a Covid-19 world.

Please know that we've planned out our year as we normally do this summer, but we also understand that things can and will likely change. Based on Covid-19 numbers, world events, and immediate impacts on our community, we will be flexible in how we approach our schooling process this year and how we break up our days. We thank you all in advance for your support and flexibility as well knowing this is a trying time for all of us.

We define success here as, "the peace of mind attained knowing you made the effort to be the best you are capable of becoming. Success is simply doing the best with what you have been given with a good attitude."

Our school is your place of work, social interaction, and for many of you, athletic and artistic expression. We believe in continual improvement over time and understand it's not linear. We expect our staff, administration, students and entire school community to grow and learn over time and improve as human beings. Being a better human should be a goal for all of us and we need each other to do that.

I expect a lot of each and every student and love all of you. Of course, we assume you will behave and perform and you demonstrate that by being good to each other and making a sincere effort in your endeavors. Know that I believe in you and need you to make our school a better place for all of us. Thanks for joining the Blue Devil team.

Let's Gooooooooooooooooo!

Dr. Grawer

## ACADEMIC ACHIEVEMENT

The purpose of the Maplewood-Richmond Heights High School grading system is to report scholastic achievement. Our marking system represents achievement of objectives in a given class. Since objectives are attainable by all students and grades are criterion referenced, it is possible for all students to achieve an **A**.

### Honor Roll

Students who distinguish themselves as outstanding scholars will receive recognition by having their name placed on the honor roll that is prepared at the end of each quarter and semester. The Honor Roll will recognize students with a 3.0 GPA and higher. The Principal's Honor Roll will recognize students with above a 3.4 GPA.

### Late Work

Students are expected to hand in work when it is due. Teachers do not have to accept late work unless an administrator overrides the decision. This will only happen in extenuating circumstances. If a student fails a course with a 50% or better, they may be able to enroll in BDC in order to improve their grade up to a certain percentage that is passing.

### Report Cards/Progress Reports

Report cards are issued four times each year following the close of each quarter or semester. Report cards are handed to students or mailed to the parents. In addition, at the midpoint of the quarter, progress reports are given to students or mailed home. **Parents are encouraged to consult with the teacher to determine the reason for unsatisfactory performance.** Students must pay all fines assessed by the school or report cards will remain in the administrative office.

*\*There are 4 natural "stopping points" each semester.*

- **Stop One-** 1<sup>st</sup> Progress report. Only work due/done up to that point of the first progress report may be handed in (unless otherwise approved by a teacher.)
- **Stop Two-** Quarter Report Card (1st and 3rd Quarters). Only work done after the first progress report and up to the last day of the 1<sup>st</sup>/3<sup>rd</sup> quarter will be accepted (unless otherwise specified by a teacher.)
- **Stop Three-** 2<sup>nd</sup> progress report. Only work done after the 1<sup>st</sup>/3<sup>rd</sup> quarter report card deadline and up to the 2<sup>nd</sup> progress report will be accepted (unless otherwise specified by a teacher.)
- **Stop Four-** 2<sup>nd</sup>/4<sup>th</sup> quarter grades. Only work done after the 2<sup>nd</sup> progress report and up until the end of the 2<sup>nd</sup>/4<sup>th</sup> quarter will be accepted (unless otherwise specified by a teacher.) **THIS IS THE END OF THE SEMESTER.**

(Teachers will always have the right to make exceptions to students' late work based on conversations with parents/students, administrators/counselors, social workers, illness, other extenuating circumstances etc.)

### MRH GRADING SCALE

A indicates <b>Superior Achievement</b> in all desirable objectives of the course		
	93%-100% = A	90%-92% = A-
B indicates <b>Good Achievement</b> —substantially better than the all-school average		

87%-89% = B+	83%-86% = B	80%-82% = B-
<b>C indicates Average Achievement</b>		
77%-79% = C+	73%-76% = C	70%-72% = C-
<b>D indicates achievement substantially Below the all-school Average Achievement</b>		
67%-69% = D+	63%-66% = D	60%-62% = D-
<p style="text-align: center;">below 60% = <b>F—Unacceptable Achievement</b></p> <p>Credit is not granted for an “F” grade. Students who drop a class after the beginning of the 6th week of the semester will receive an “F” on their permanent record. Circumstances may warrant an exception to this rule.</p>		

MRH transcripts use a 4.0 GPA scale  
(A=4.0, B=3.0, C=2.0, and D=1.0).

## ACADEMIC PREPAREDNESS

Every student should arrive at school and at each class prepared to learn. Such preparedness includes, but is not limited to, having all necessary materials and supplies needed for class, and entering with the purpose of participating and providing proper effort. Continued lack of academic effort with continued failure in more than half of a student’s classes during a semester will result in administrative intervention.

### Academic Supports

MRH High School offers Before the Bell tutoring/quiet study in room 204 each day from 7:00 AM-8:30 AM. We also offer Beyond the Bell academic support/Quiet study in room 205 from 3:10-4:10 Monday-Thursday. If a student is assigned to either, it is expected students will attend. Students also have the freedom to attend on their own if and when it may be needed.

### BDC/Credit Recovery Grade Protocols

Students who fail core courses with a 50%+, or with teacher approval, are required recover the first semester core course they failed by one of 2 ways:

1. Student is placed in a core teacher study hall or BDC. The student’s original teacher will send up needed work/assessments to be done to earn a passing grade. The Study hall/BDC teacher will monitor the work but the original teacher must sign off on it at the end denoting the student demonstrated the “needed competency” to pass the course with a D- via a grade change form.
2. Student is assigned an Odysseyware online course, or piece of a course to finish off the pieces he/she did not complete the prior semester. Once finished with all the required work, the student will earn the D- in the course via a grade change form.

*\*Credit recovery at MRH HS is competency based, not necessarily seat time based. This means some students require more time than others to finish the needed work to earn the passing competency grade in the course.*

### Honors Option at MRH High School

\*Coordinator of Honors Options: Mrs. Amy Kruger

Students at MRH High School may choose to participate in the honors option for their classes. Honors option is designated in the course guide for those classes where it is available. Students who select the honors option will remain seated in the regular course; however, approximately twenty-five percent of their work in the course will involve “advanced differentiation.” This may include the study of additional

objectives, advanced readings, sophisticated problem-solving, individualized research and additional writing requirements. Honors students should expect to have a more rigorous workload than those with the non-honors option. On occasion, honors students may be required to participate in out-of-school experiences. The school will cover all expenses associated with these experiences.

To participate in an honors option in a class, a student must have earned a B or better in a course in the same discipline the semester before and obtained the teacher’s recommendation indicating readiness for higher level course work. If a student participating in the honors option is unable to maintain a B during any quarter, the student will be returned to the standard curriculum. Every attempt will be made to schedule a minimum of three honors students in a specific class period so that they can collaborate on advanced work. **Grades in honors classes are not weighted.**

Students who successfully complete the honors option for any course will have it noted as an honors course on their transcript. For students preparing for college, this is especially useful in demonstrating a rigorous high school program.

#### Student Expectations for Honors Options:

\*I understand that the class will consist of a higher level of work and a different type of work. Approximately twenty-five percent of the work in the course will involve “advanced differentiation.” This “advanced differentiation” may include the study of additional objectives, advanced readings, sophisticated problem-solving, individualized research, two or more study group sessions after school meetings and more writing.

\*I understand I may be required to participate in out-of-school experiences such as visiting an art exhibit, attending a speech, or interviewing an individual (All expenses associated with these experiences will be covered by the school). \*I understand I must maintain a ‘B’ at semester or have teacher approval or I will be placed back in the regular class section and not receive honors designation.

\*I understand that upon successful completion of the honors option course that my MRH HS transcript will denote that I have taken and passed an “honors course.”

\* I understand that honors options classes are not weighted.

\* I understand that if I am caught cheating, I will lose the distinction of honors option on my transcript for the course I am enrolled in. Any Cornerstone/discipline infringements I am associated with may be reviewed by the honors options committee to determine eligibility.

\*I understand that there is a two-week window at the start of the semester to drop or sign up for an honors option. Admittance, after this window closes, will be determined on a case by case basis. However, students may drop the honors option with teacher/parent approval or suggestion at quarter only.

**Parent Requirements and Permission:**

- I understand the honors courses are not weighted
- I have read the Honors Options Expectations and understand them
- I understand that in an honors course, there is an expectation for higher quality work to earn honors designation.
- I understand that my child may lose the honors designation, and return to the normal class, if he/she, with teacher and counselor input, falls below a B at the end of the semester.
- I understand my child may spend time in out-of-school experiences to earn honors designation
- I give my approval for my son/daughter to enroll in the Honors Options courses for the 2020-21 school year.

## **MO A+ Scholarship Program**

The A+ Scholarship Program provides scholarship funds to eligible graduates of A+ designated high schools who attend a participating public community college or vocational/technical school, or certain private two-year vocational/technical schools. A+ students are under no obligation to use the A+ financial benefits. The benefits are earned by each individual student and are not transferable to any other student.

Receipt of private scholarships will not affect an A+ participant's eligibility for benefits.

Financial need is not a factor in determining an A+ participant's eligibility for A+ benefits. However, an A+ participant is required to complete a FAFSA (Free Application for Federal Student Aid) to determine eligibility for non-payback financial aid (i.e. Pell Grant, Missouri State Grant, Supplementary Education Opportunity Grant). Visit [www.fafsa.ed.gov](http://www.fafsa.ed.gov) for details.

A student who graduates at the end of the first semester of their senior year is eligible to receive A+ funds for the semester immediately following as long as the student has met all program eligibility requirements.

To be eligible for assistance you must meet the following requirements as a high school senior:

- Be a U.S. citizen or permanent resident.
- Enter into a written agreement with your high school prior to graduation.
- Attend a designated A+ high school for 2 years prior to graduation.
- Graduate from an A+ designated high school with an overall unweighted grade point average of 2.5 or higher on a 4.0 scale.
- Have at least a 95% attendance record overall for grades 9-12.
- Perform at least 50 hours of unpaid tutoring or mentoring, of which up to 25% may include job shadowing prior to graduation.
- Maintain a record of good citizenship and avoid the unlawful use of drugs and/or alcohol while in grades 9-12.
- Have achieved a score of proficient or advanced on the Algebra I end of course exam or a higher level DESE approved end-of-course exam in the field of mathematics

## **Study Hall**

Study halls exist for quiet, reflective study so students will have an opportunity to change pace, slow down and delve into their school work. This is not a time to watch videos, chat with friends or hang out in the R&D. **STUDENTS WILL NOT BE ALLOWED TO LEAVE STUDY HALL UNTIL PROGRESS REPORTS ARE HANDED OUT EACH QUARTER or UNLESS THEY HAVE A NOTE FROM A TEACHER OTHER THAN THEIR STUDY HALL TEACHER OR A PRINCIPAL/COUNSELOR.** We will have a proper study culture in study hall. Students with failing grades will not be allowed to leave study hall unless they are seeing another teacher for support.

## ALTERNATIVE PROGRAMS

The MRH School District recognizes that there are various learning styles in our diverse population. We are committed to educating and supporting all children. The mission of Alternative Services, as an intervention and transitional program, is:

To re-engage the alternative learner through intensive service designed to develop habits of school engagement that reflect the emotional, social and academic skills necessary for a successful return to the base school.

### **Missouri Options (Mo Options)**

A Missouri Option student may be a student who:

- is 17-years-old and a year behind their cohort
- is willing to take the pre-assessment and score at the cusp of not-yet-prepared and somewhat prepared
- has passed the Missouri Constitution and the Federal Constitution tests
- has passed the following courses: Government, Health, Personal Finance
- has a means of obtaining 15 hours a week through additional class hours, employment, or volunteer/internship

### **Student Success Center (SSC)**

A SSC student may be a student who:

- needs targeted academic supports due to failures and credit deficiencies
- would benefit from a smaller social/academic setting
- would benefit from increased social/emotional supports
- desires an alternative placement

### **Social Academic Growth Experience (SAGE)**

A SAGE student may be a student who:

- needs targeted behavior modification in a controlled environment
- is in need of greater emotional support than traditional classrooms/schedules may provide
- has social struggles that are not conducive to other alternative settings until interventions are applied

## ATTENDANCE POLICIES/PROCEDURES

*90% OF OUR STUDENTS WILL BE PRESENT 90% OF THE TIME AT SCHOOL!* Regular daily attendance is the responsibility of the parent/guardian and the student. Regular attendance is important to a successful school year and is essential. While a student is present in school, his/her number one job is attending classes regularly and fulfilling all class requirements. Regular and prompt attendance is a habit and should be cultivated as such.

If an absence is necessary, the parent/guardian must call the attendance office at 314-446-3802, send a written or emailed note, or appear in person. The following information is needed:

- The name of the person calling or writing and the relationship to the student;
- The absent student's name;
- The reason for the absence;

- The anticipated period of absence, if known.

The responsibility for make-up work rests with the student. If a student is absent without notice from a parent, someone will call home. After an absence, students must make appropriate arrangements with individual teachers preferably during non-academic time. Efforts will be made to contact parents daily regarding a student's absence. All absences will be deemed to be unverified/unexcused unless the parent and/or guardian and the administration agree to verify them as excused. Unverified/Unexcused absences may lead to missing assignments, failing grades, disciplinary consequences, and/or removal from class with loss credit. **Any student with ten or more absences from a class is subject to removal and if removed will receive a failing grade in the course.**

Students who are excessively absent will be referred to the Principal and/or Superintendent and may be referred to appropriate authorities (if under the age of 16 years of age) or dropped from MRH. Students may be considered truant if they have accumulated excessive unjustifiable absences, even with the consent of parents/guardians.

Board of Education policy JED and JEDA outline district attendance requirements and procedures.

In compliance with District Policy, MRH High School allows parents/legal guardians to excuse 10 absences per period per semester. Any absence in excess of 10 during the semester may only be excused with administrative approval. This approval could potentially require medical or legal verification for absences.

A student is allowed 5 unexcused absences per semester. Absences in excess of 5 unexcused absences or 10 total without medical verification may result in loss of credit.

### **Excused Absences Reasons (Not to exceed 10)**

1. Death in student's immediate family
2. Illness of the student
3. Doctor or dental appointment
4. Certain days for religious observances
5. Court appearances
6. When a family is leaving town ON VACATION and chooses to take the students with them, the students may be excused up to five (5) days per semester, provided that:
  - a) The school is notified in advance
  - b) Student assignments are received in advance
  - c) Assigned work is turned in upon return to school
  - d) All tests, labs, and/or performance tasks are made up at the direction of the counselor or administrator.
  - e) Students wishing to visit college campuses must obtain prior approval from their grade level principal.
7. Other extenuating circumstances not listed above will may be considered by an administrator.

### **Extended Absences**

If a student is absent for three (3) or more weeks, parents must contact the student's counselor to put into place academic support for the student.

### **Late Arrival to School**

Students arriving after the tardy bell (8:30) MUST sign in through the attendance office in order to be properly admitted to school. Habitually late students (after 5 tardies to period 1) will be required to spend an hour after school to make up for lost time and work on schoolwork. Failure to attend could result in a BDE assignment or other consequence. Continued tardiness to school may result in loss of credit for individual classes missed. This will affect progress to graduation and may delay graduation. Students

who have 10 + tardies to their first AM class may be dropped from the class and receive a withdrawal/fail grade. Regardless, they may still be required to make up for lost time before or after school. Students may also be visited by the SRO at home if chronically tardy and sent to family truancy court.

### **QuickTrip**

STUDENTS ARE NOT ALLOWED AT QUICKTRIP ONCE THEY HAVE BOARDED A SCHOOL BUS OR ARRIVED AT SCHOOL.

NO STUDENT IS ALLOWED AT QUIKTRIP DURING SCHOOL HOURS WITHOUT SPECIAL PERMISSION FROM AN ADMINISTRATOR OR DESIGNEE.

### **Tardy To Class**

Students are expected to be in their assigned classrooms, areas, or offices prepared to work when the bell rings. The MRH High School tardy procedures will be strictly enforced as students have complete control to be on time each and every period.

**Tardies to class** will be issued and recorded in PowerGrade/School by individual classroom teachers.

1 <sup>st</sup> tardy	Verbal Notification and Conference with Teacher
2 <sup>nd</sup> tardy	Verbal Notification by Teacher and Follow Up from Teacher to Parent
3 <sup>rd</sup> tardy	Student/Parent/Administrator Call
4 <sup>th</sup> tardy	Detention* assigned (Before the bell, beyond the bell), Student/Teacher/Administrator Meeting, Parent Contacted
5 <sup>th</sup> tardy +	Detention*, Student/Parent/Administrator Meeting
10 <sup>th</sup> Tardy+	Possibly Dropped from the class

**\*BDE may be assigned to anyone missing detention assignments**

**Tardy (Hall) Sweeps** will occur throughout the year to encourage students to get to class. Periodically, building administration will call for “tardy (hall) sweeps” in which each student found late to class that hour will be made to serve a detention. If the student fails to show up to detention he/she could face more severe consequences. Parents of repeat offenders will be required to come in and meet with an administrator.

### **Truancy**

A student is truant when absent from school without the permission of his/her parent or guardian and the school administration. Students who are absent from a class without permission from the teacher and/or the school administration and are not in their assigned area if they remain on campus are also considered truant. All students must have permission from the school administration to leave the campus during the school day. Students are not to leave the campus during the lunch periods (except for seniors who have gone through the approval process). Students must remain in the lunch room or other supervised area for the entire lunch period. **Students who are chronically truant may be referred to St. Louis County truancy court by the SRO or the Division of Family Services.**

### **Student Early Release**

Students will not be excused before the end of a school day without a written request for the early dismissal by the student’s parent/guardian or a phone call to verify early dismissal. Students who leave school early with permission must sign out through the attendance office.

All students, regardless of age, must sign out and have appropriate permission to depart early. In cases of an emergency, the school administration or secretaries will accept a verified telephone call. After verification from a parent or guardian, an early dismissal slip is written and the student will sign out in the attendance office. Students who leave school grounds without permission will be considered truant.

## **Withdrawals**

Students who intend to withdraw from the MRH High School must have a parent contact the principal by letter, telephone, or by visiting the school. At that time, the parent is given a withdrawal form by the registrar. The student must have the withdrawal form signed by all of his/her teachers, the librarian and counselor before returning it to the registrar. Students who owe fines will have academic records held until such fines are paid to the district. No grade cards, transcripts, or diplomas will be issued to students, parents, or schools until all books are turned in, library status cleared, athletic clothing/equipment/fines paid, and other fines assessed to student accounts satisfied. (See also Board of Education policy JO & JO-R). Notice is hereby given that the district will transfer student records, including discipline records, to another school district where the student is seeking to enroll.

## **CAFETERIA EXPECTATIONS**

The cafeteria is open for breakfast from 7:45 am to 7:55 am as a service provided by the cafeteria staff. During the regular lunch periods there is a complete plate lunch line and an ala Carte line that serves salads, sandwiches, desserts and other specialties. Students who carry their lunches should also use the cafeteria facilities. Full lunch costs approximately \$2.85 per meal, reduced lunch is 40 cents per meal. We ask that students, when done, do not loiter on the 2<sup>nd</sup> floor. Students are to eat only in the cafeteria/commons, unless granted permission to leave the cafeteria. Care should be taken when/if food and beverages are to be consumed in hallways, classrooms, R&D, or outside. In some cases/areas, food and/or drink is not to be carried/consumed. When not permitted, items will be confiscated or asked to be thrown away or properly stored so they are not distracting to the educational environment. **Students who move chairs, disrupt the environment, do not throw away trash, will lose cafeteria privileges and eat in the BDE room or other location**

### **Cafeteria Rules of Emphasis**

### **Senior “Off Campus” Friday Lunch**

MRH HS has instituted a student rewards program to grant the privilege of a senior lunch off campus on Fridays for qualifying seniors. As for now, we are allowing all seniors with permission forms signed by parents to partake in senior lunch on Fridays only. This means they are to eat their lunch during the allotted lunch time period, not before or after it.

Seniors with no F's on their current report card/progress report, 90% or better attendance, zero suspensions and have parental approval are eligible for a senior lunch off campus on Fridays. Seniors who partake in this process must return to their class after lunch **on time**, or they forfeit their right to leave for senior privileged lunch again.

The district is aware that off campus lunch may create a risk of off campus injuries and will allow the student to be without supervision for a period of time. For this reason, we ask parent/guardian permission

for your student to participate in this program and take on all liability for student safety in their absence from school. The school cannot be responsible for the activities of your student away from campus and will not assume liability for any injuries or incidents that may occur while the student is on unsupervised lunch. Please note that the HS administration reserves the right to cancel this privilege at any time with students for reasons of safety, academic concerns, timeliness issues, or any other behavioral or academic reasons.

If you believe the Friday off campus lunch is appropriate for your student, please sign and return this form with your student to the MRH High School main office.

Sincerely,

Dr. Grawer

Breakfasts will be served at no cost to children regardless of their eligibility.

Children from families whose current income is at or below those shown are eligible for free or reduced price meals. Applications are available at the principal's office in each school. To apply, fill out a Free and Reduced Price School Meals Family Application and return it to the school. The information provided on the application is confidential and will be used only for the purpose of determining eligibility. Applications may be submitted any time during the school year. A complete application is required as a condition of eligibility. A complete application includes: (1) household income from all sources or Food Stamp/Temporary Assistance case number, (2) names of all household members, and (3) the signature and social security number of the adult household member signing the application. School officials may verify current income at any time during the school year.

Foster children may be eligible regardless of the income of the household with whom they reside.

If a family member becomes unemployed or if family size changes, the family should contact the school to file a new application. Such changes may make the children of the family eligible for these benefits.

Under the provisions of the policy, the Food Service Manager will review the applications and determine eligibility. If a parent is dissatisfied with the ruling of the official, he may wish to discuss the decision with the determining official on an informal basis or he may make a request either orally or in writing to the Director of Finance whose address is 7539 Manchester Road, Maplewood, Missouri 63143 for a hearing to appeal the decision.

Hearing procedures are outlined in the policy. A complete copy of the policy is on file in each school and in the central office where any interested party may review it.

#### **Procedure on Past Due Meal Charges**

Past due meal charges will be handled in accordance with Procedure EF- AP1. Students will not be denied a meal from the cafeteria regardless of whether money is present in their account. However, students will be charged for every meal. Students may not charge a la carte items. Students will not be singled out, shamed or punished by the district for the failure of their parents/guardians to pay for or provide meals, and the district will not withhold student records in violation of law.

#### **Nutrition Guidelines**

It is the policy of the MRHSD that all foods and beverages sold to students during the school day on any property under the jurisdiction of the district will meet the nutrition standards established by the USDA. These nutrition standards apply to all food and beverages sold to students, including those sold in vending machines, school stores and through district-sponsored fundraisers, unless an exemption applies. For the purposes of this policy, the school day is the time period from the midnight before to 30 minutes after the official school day.

Pursuant to the Missouri Safe Schools Act and the federal Gun-Free Schools Act of 1994, any student who brings or possesses a weapon as defined in #1 or #2 above on school property will be suspended from school for at least one (1) calendar year or expelled and will be referred to the appropriate legal authorities. The suspension or expulsion may be modified on a case-by-case basis upon recommendation by the superintendent to the Board of Education. Students who bring or possess weapons as defined in #3, #4 and #5 and not otherwise included in #1 and #2, will also be subject to suspension and/or expulsion from school and may be referred to the appropriate legal authorities.

Students with disabilities who violate this policy will be disciplined in accordance with policy JGE.

This policy will be submitted annually to the state Department of Elementary and Secondary Education along with a report indicating any suspensions or expulsions resulting from the possession or use of a firearm as defined in 18 U.S.C. § 921. The report will include the name of the school in which the incidents occurred, the number of students suspended or expelled and the types of weapons involved. Anyone charged with violating a Safe Schools Act must stay 1000 feet away from school property.

- a. Possession or use of any instrument or device, other than those defined in 18 U.S.C. § 921, 18 U.S.C. § 930(g)(2) or § 571.010, RSMO, which is customarily used for attack or defense against another person; any instrument or device used to inflict physical injury to another person.
  - i. *First Offense: In-school suspension BDE, 1-180 days out-of-school suspension, or expulsion.*
  - ii. *Subsequent Offense: 1-180 days out-of-school suspension or expulsion.*
- b. Possession or use of a firearm as defined in 18 U.S.C. § 921 or any instrument or device defined in § 571.010, RSMO. or any instrument or device defined as a dangerous weapon in 18 U.S.C. § 930(g)(2).
  - i. *First Offense: One (1) calendar year suspension or expulsion, unless modified by the Board upon recommendation by the superintendent.*
  - ii. *Subsequent Offense: Recommended Expulsion.*

\*The possession or use of **fireworks or explosive devices** is forbidden. Device(s) will be confiscated and the police will be notified.

- a. *Corrective Action: BDE, 11 -180 days O.S.S. and/or Expulsion.*

### **Possible Disciplinary Actions**

The following disciplinary actions reflect interventions that are available to the staff in handling disciplinary matters. At the discretion of the principal, alternative actions, including but not limited to time out, a change in the student's schedule or length of school day, isolation from peers at lunch, or parents attending class with a student may be taken. Actions taken and results are recorded in the administrative log in EduClimber. Teachers may assign after school detention for minor infractions of school rules. The MRH School District Policy JGA strictly prohibits the use of corporal punishment as a disciplinary action.

### **Assignment of Extra Duty or Extra Work**

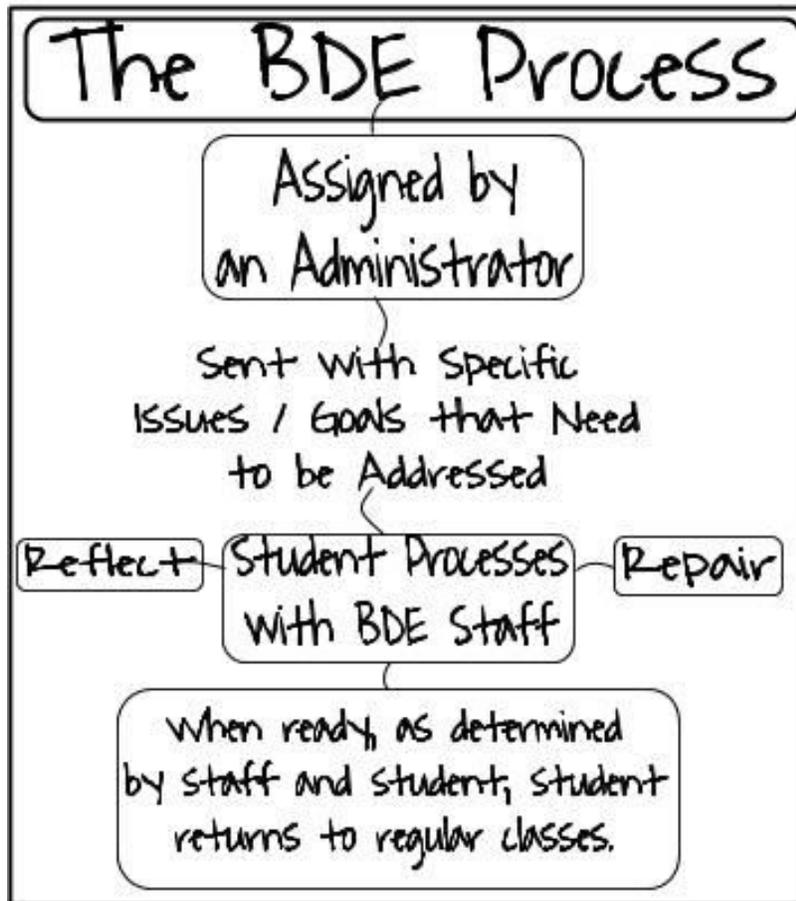

Depending on the nature of the behavior infraction, duties or extra work may be assigned to match the nature of the offense and are to be completed by the student on his/her own time. These duties or extra work shall be assigned and evaluated by a teacher or administrator.

### **BDE- Blue Devil Etiquette (Replaced In-School Suspension)**

Students may receive time in BDE as an alternative to Out-of-School Suspension (OSS) at the discretion of the principal. Staff in BDE focus on restorative practices, with the belief that there is greater value in teaching students how to reflect and repair when conflict or harm occurs, rather than merely punish.

While in BDE, the student will:

- Reflect through writing and discussion on his or her initial behavior and investigate how it impacts our community, school and the student's personal life (character);
- Explore how reparation can be made when harm occurs through a restorative process and complete appropriate repairs;
- Participate in wellness and brain break activities;
- Engage in an educational component or skill-building practice based on their referral;
- Complete his or her academic assignments for the day

### **Conferences**

A school official (teacher, administrator, or counselor) will talk to the student regarding the student's behavior.

1. Student Conference- A formal conference is held between the student and one or more school officials. During this conference, the student must agree to correct his/her behavior.
2. Behavior Contract- The administrator, counselor, or teacher in consultation with the parent and students may develop a behavioral contract. A behavioral contract identifies a specific behavior, describes how the student should behave, and clearly specifies the consequences of misbehavior.
3. Parent/Guardian Observations- Parent / Guardian attends class with the student. Consent/accompaniment by the principal for a specified amount of time is required.

### **Confiscations**

Any staff member may take items not allowed in school, items that are being used inappropriately, or items that are causing a disruption. Such items may be kept by the school administration and will be returned to the parent, student, or the police depending on the nature of the item.

### **Detention**

Students may receive a detention at the discretion of the teacher and/or principal. The parent is responsible for the student's transportation. Students who miss a teacher assigned detention will be assigned one by the appropriate principal. Those who chronically miss teacher assigned detentions will be subject to more harsh disciplinary consequences.

### **Deprivation of Privileges**

Extra-curricular activities are special privileges offered to enhance the student's overall learning experience. Field trips, attendance at assemblies, and other special events are privileges, not rights. Any or all of these privileges may be revoked.

### **Expulsion**

Expulsion is the removal of a student from school by action of the Board of Education. Only the Board of Education can expel a student from school. *Students who are suspended or expelled are prohibited from being on District property (for any reason) unless permission is granted by the Superintendent or Designee. Suspended students, who are found on school property without permission, will face trespassing charges and additional disciplinary actions and/or arrest.*

### **Out of School Suspension**

Short Term: 1-5 days  
Long Term: 6-10 Days-Principal  
Extended: 11-180 Days -Superintendent

A building principal can suspend a student for a period of time not to exceed 10 school days. Depending on the severity of the incident, the building principal, after an administrative hearing/review, may refer a discipline case to the superintendent, who may in turn extend the student's suspension for a period of time not to exceed 180 school days. All extra-curricular privileges are also suspended. If a student has been suspended for more than 10 days, parents and the student must meet with the principal prior to the student's return to school. A student who has received multiple suspensions may be referred to the superintendent for consideration of further action.

### **Parent Involvement**

A parent and/or legal guardian is notified of disciplinary action **BY THE STUDENT FIRST**, then, by telephone message, personal contact, letter, or certified letter from the school if necessary. A conference may be conducted between the student, his/her parents, a school administrator, and/or teacher as appropriate. Parents are encouraged to speak to the teacher(s) first as they may have first hand knowledge about student actions/grades.

### **Referral to Other Agencies**

Students are referred to other agencies as appropriate, i.e.; Special School District, Division of Family Services, and substance abuse assessment programs.

### **Referral to the Counselor**

Students may be required to meet with an assigned counselor on a periodic basis. The counselor will advise students on ways of improving his/her behavior. The counselor may recommend special projects to the student including reading, attending seminars, etc.

### **Referral to Law Enforcement Agencies**

Students will be referred to the appropriate law enforcement agency for illegal behaviors. Law enforcement officials may enter, detain, or arrest a student for violation of any Missouri/Federal law in accordance with policy.

### **Restitution**

Students may be responsible for the payment of and/or restoring school property that has been vandalized, damaged, lost or stolen.

### **Temporary/Permanent Removal from Class**

A student may be temporarily or permanently removed from a class. A conference between the student, parent, teacher, principal, and/or other personnel must be held prior to removal.

**DISCIPLINE AT MRH IS BASED ON RESTORING THE RELATIONSHIP AND RESTORATIVE PRACTICES WILL BE IMPLEMENTED—meaning we hope to teach self-reflection and learn from the situation so it does not happen again and relationships remain in good repair.**

The Student Code of Conduct is designed to foster student responsibility, respect for the rights of others, and to provide for the orderly operation of district schools. No code can be expected to list each and every offense that may result in disciplinary action. However, it is the purpose of this code to list certain offenses that, if committed by a student, will result in the imposition of a certain disciplinary action. Any conduct not included herein, or an aggravated circumstance of any offense or an action involving a combination of offenses may result in disciplinary consequences that extend beyond this code of conduct as determined by the principal, superintendent and/or Board of Education. In extraordinary circumstances where the minimum consequence is judged by the superintendent or designee to be manifestly unfair or not in the interest of the district, the superintendent or designee may reduce the consequences listed in this policy, as allowed by law.

This code includes school property. School property is defined as: Property utilized, supervised, rented, leased, or controlled by the school district including but not limited to school playgrounds, parking lots and school buses, and any property on which any school activity takes place. Additionally, case law indicates that you are under our indirect supervision until the moment you enter the “threshold” of your dwelling. Please consider this due warning that violations of school rules on the sidewalks and streets adjacent to our buildings will not be tolerated.

Please be advised that under Missouri law, our property and surrounding properties, houses, and yards are deemed “Drug Free School Zones”. Violation of this law carries both fine and imprisonment. It is the policy of the School District of MRH to report all crimes occurring on school grounds to law enforcement, including, but not limited to, the crimes the district is required to report in accordance with law.

***The following acts, regardless of whether they are committed by juveniles, are subject to this reporting requirement:***

- First or second-degree murder under §§ 565.020, .021, RSMo.
- Voluntary or involuntary manslaughter under § 565.024, RSMo.
- Kidnapping under § 565.110, RSMo.
- First, second or third degree assault under §§ 565.050, .060, .070, RSMo.
- Sexual assault or deviate sexual assault under §§ 566.040, .070, RSMo.
- Forcible rape or sodomy under §§ 566.030, .060, RSMo.
- Burglary in the first or second degree under §§ 569.160, .170, RSMo.
- Robbery in the first degree under § 569.020, RSMo.
- Possession of a weapon under chapter 571, RSMo.
- Distribution of drugs under §§ 195.211, .212, RSMo.
- Arson in the first degree under § 569.040, RSMo.
- Felonious restraint under § 565.120, RSMo.
- Property damage in the first degree under § 569.100, RSMo.
- Child molestation in the first degree pursuant to § 566.067, RSMo.
- Sexual misconduct involving a child pursuant to § 566.083, RSMo.
- Sexual abuse pursuant to § 566.100, RSMo.

The principal may also notify the appropriate law enforcement agency and superintendent if a student is discovered to possess a controlled substance or weapon in violation of the district's policy. In addition, the superintendent shall notify the appropriate division of the juvenile or family court upon suspension for more than ten (10) days or expulsion of any student who the district is aware is under the jurisdiction of the court.

## **DRESS CODE**

*\*Corrective Action: Principal Conference, detention, in-school suspension BDE, 1-180 days OSS*

Personal appearance and attire are primarily the responsibility of the parent/guardian and the student. The school will share this responsibility by helping each student to learn what clothing is appropriate and acceptable during the school day. We do not expect you to agree in all cases but we do expect you to seriously consider the question of proper attire while attending school and the need for all of us to cooperate with the following requirements.

All of these suggestions comply with acceptable standards of health and safety, while minimizing distractions in the classroom. There may be cases not included in this list that would be considered improper. The dress code requirements will be consistently enforced. The office of the principal will make final determinations of what may or may not be acceptable (See also Board Policy JFCA):

- Present a neat and well-groomed appearance.
- Clothing should be safe and non-objectionable. Clothing promoting the following items on it is not allowed: alcohol, smoking, marijuana, tobacco, drugs, gang affiliation, nudity, profanity. \*Any outfit deemed unfit for school by the admin is punishable by BDE, OSS, or removal of an item and a new item given to students to wear.
- Wearing items covering the face during school hours is not acceptable. Appropriate caps, hats can be worn in the building unless deemed inappropriate by administration. Hoods are not recommended. Earmuffs are not allowed. Such items must be kept in the student's locker.
- SUNGLASSES are not to be worn in school during school hours or school sponsored events.
- Faces are to be visible. Sunglasses or other objects that obscure the face/eyes are not to be worn in the building (unless a medical reason is indicated by a doctor).
- Tops should be appropriate. Excessive showing of shoulders and/or torso is not allowed. Fishnet shirts are not permitted.
- Pants/bottoms should be appropriate. No short-shorts or mini skirts—as a rule of thumb, the bottom of the short/skirt should come to the hand when it is extended to the side of the leg. Pants worn so low the hips that exposes undergarments and/or shorts (sagging') will not be permitted. Sagging is defined as wearing pants so low as to show any undergarment or shorts under the pants.
- All students must wear shoes.
- Objectionable writing, pictures or advertising will not be permitted that promote sex, drugs or alcohol. It is under the discretion of the HS admin what constitutes a violation of this policy.
- Excessively oversized clothing/jewelry is not allowed for safety reasons

## **EMERGENCY PREPAREDNESS AND SAFETY PROCEDURES**

In the event of an emergency/condition that requires cancellation of school/class or parents to pick up students, notification will be available through the District sponsored web site and/or the automated phone system and designated local media outlets. **Students will only be released to parents/guardians.**

We are required to hold a variety of emergency drills throughout the year. The following information and procedures should be used during these drills. By practicing these procedures students will be well schooled in what to do in the event of an actual emergency. Please take time to go over these procedures with each of your classes, especially your advisory.

### **Bus Evacuation**

Front Evacuation--To be used in a condition where students in the rear of the bus must exit before those in the front.

- The driver will stop and secure the bus from further movement.
- The driver will stand at the front of the bus, ask for quiet, and tell the students to begin a front door evacuation, instructing them where to meet once outside the bus.

- Students in the rear of the bus should stand and rapidly alternate by rows, walk to the front of the bus and exit to the meeting place. (The back is evacuated first in this case since that is more than likely where the most danger exists.)
- The driver should execute a walk through to make sure that all students have exited or in the case of injury, determine what course of action should be taken.
- Unless in immediate danger, those students who have experienced neck, back or head injuries should not be moved.

Rear Evacuation--To be used in a condition where students in the front of the bus must exit before those in the back.

- The driver will stop and secure the bus from further movement.
- The driver will stand at the front of the bus, ask for quiet, and tell the students to begin a rear door evacuation, instructing them where to meet once outside the bus.

### **Earthquake**

The Federal Emergency Management Agency (FEMA) has developed materials that explain safety measures to be taken by students during an earthquake. The materials may be accessed at [www.fema.gov/earthquake-safety-school](http://www.fema.gov/earthquake-safety-school).

#### During an Earthquake

- Stay inside or outside (do not try to make the transition during the quake)
- Take cover under desks, tables, doorways of inside walls.
- Stay away from windows
- Avoid bookcases, cabinets, chimneys and other items that may topple over
- Do not run for stairways or exits during the quake
- Do not use elevators
- If outdoors, move away from buildings, utility wires or any walls that could fall
- If riding the bus--**STAY ON THE BUS**
- Do not light candles, matches, lighters or any other flames after the quake because of potential gas leaks
- Remain calm and think of any dangers that may result from decisions made rashly.

#### After an Earthquake

- Be prepared to aftershocks
- Check for fires
- Check for injuries. Do not move a seriously injured person. Turn on radios to listen for additional instructions
- Be alert for glass, debris or chemical spills
- Move out of the building when instructed to do so
- Watch for cracks in the ground and downed wires, debris and the like
- Do no enter damaged buildings until they have been checked and permission has been granted

\*During the drill we will ask students to duck and cover under the nearest desk. We may ask that students simulate duck and cover after a thorough discussion about the importance of such drills. Usually we will also conduct an intruder drill at the same time. **We must have two earthquake drills during the year.**

## Fire

Everyone in a school needs to take part in regular fire drills, as it helps them to fully grasp the building's escape routes and the instruction they must follow.

- In the case of a fire, the alarms will sound and lights will flash. Head to your nearest exit. Keep your class with you on the back of the track.
- **TEACHERS ARE THE LEADERS. THEY LEAD THE STUDENTS CURRENTLY WITH THEM OUT TO THE BACK SIDE OF THE TRACK Math hallway, choir, and band classes will head to the back parking lot**
- **TAKE ROLL AND INFORM THE ADMIN OF ANY MISSING STUDENTS by holding up a red card.** Any student in the lunchroom will be taken out by admin to the rear parking lot/plaza
- Classroom windows should be shut before leaving. It is helpful to assign students who sit close to the windows to do this in case of an emergency; have them practice during drills. Classroom lights should be turned off.
- Be sure to take class rosters with you to take attendance once outside.
- Lock the classroom door.

## Intruder/Lock Down

Keeping our school campuses safe from active shooters or intruders is one component of a school emergency plan.

- If you see an unfamiliar person in the school and he/she is not wearing a name tag issued by the main office, immediately contact the office. We will attempt to ascertain if this is an authorized or unauthorized person in the building
- In the event that we have an unauthorized person in the school we will announce via intercom that this person is in the building and his/her last known whereabouts. We will announce to lock your rooms.
- **Keep students quiet and away from the window. Lock all doors. Turn lights out. It should seem as if no one is in the room.**
- Teachers should sweep students who are in the hallway into their room and lock the door. Close the transom as well.
- If your door has a shade, draw it. Close window shades as well.
- Take attendance. Make a list of students who are not present in the class, but if you have an idea of where they are, make note of that; make a list of students who are present in your class, but are assigned to someone else's class, make note of where they should be.
- IF an attacker should ever enter a room, we are not sitting ducks and we will aggressively attempt to attack the intruder and hurl items attacking the intruder to escape the building. Law enforcement support this concept as a "lifesaving technique." We are not sitting ducks!
- Stay in the room until you are given instructions to leave the building. When instructed to leave the building (or should you determine it is safe to exit your room) we are to meet at the designated place.
- Use the intercom or phone only to tell the office if you see the intruder.
- If an intruder enters the room, we will not sit back. Throw things at the intruder and do all you can to distract him/her and get him/her subdued and/or escape.

We may decide to lock down the building based on a situation that is unfolding in the neighborhood around school. You should follow the same procedures for an intruder.

\*From time to time, we will ask that the Maplewood Police Department and the St. Louis County Police Department help keep our school drug and weapon free by performing a Safety and Security Sweep of the building. We will call for a Safety and Security Sweep. Follow the same procedures for an intruder. It is important that everyone remain in a classroom (or outside the school) during this sweep. Often the police use highly trained animals that are distracted by non-police people roaming about the building. **We must have two intruder drills during the year.**

### **Student Supervision**

The district will not be responsible for supervising students outside of the stated daily schedule for each building. Students should not be dropped off or left at school during unsupervised times.

### **School Cancellation**

When the decision is made to close schools or alter our school day, we use various procedures to notify the MRH community. Notification announcements for full-day school closings or a late start to school will normally be made by 5:00 a.m., and afternoon and evening activity cancellations will normally be announced by 2:00 p.m.

Closing and emergency notifications are sent via phone calls through the District's parent "robocall" notification system, posted on the District's website, Facebook pages, and Twitter accounts. We also post school closings on the following radio and television stations:

- **Radio:** KMOX (AM 1120)
- **TV:** KTVI (Channel 2), KMOV (Channel 4), KSDK (Channel 5), KPLR (Channel 11), and KDNL (Channel 30)

While we try not to close school early due to weather-related concerns, there could be other emergency situations where parents/guardians are asked to pick up students early from school. **Every family should have a plan for picking up children from school in such a situation.** We also ask that you make sure you have provided your child's school with information on all adults who are authorized to pick up your child at school. If necessary, due to safety concerns, students will be kept at school until they are picked up by an adult who has previously been identified on the emergency contact form that parents are asked to complete at the beginning of each school year.

### **Tornado**

Tornado drills are an important element in tornado preparedness. Like any other safety drills, they increase chances of correct response to a real tornado threat.

- If a Tornado Warning has been issued for the area we will notify staff and students via the intercom (if possible). If we cannot use the intercom, we will use an air horn sounded in the main stairwell.
- Once you have heard this warning, move your students to your designated safety area. These areas should be designated on an emergency card, clearly posted in the classroom. **WE LINE UP AGAINST LOCKERS IN THE HALL AND DUCK AND COVER**
- Most classrooms are dangerous because of the large windows. If you are unable to move out of the classroom, move students as far away from areas as possible. If there are desks or tables, use them to screen your students.
- Restrooms may be suitable for cover provided that there are no large windows.
- If you know of someone who has not heard the alarm (PE classes outside, rooms with faulty intercoms) warn them and pull them to safety.
- Take attendance regularly.
- Assist those who are restricted in movement
- Do not move outside until you have been given instructions that it is safe to do so.
- During the Drill we will ask that students assume a safe position for a brief time; teachers should observe students and ask them to adjust their position as necessary.

## GUIDANCE DEPARTMENT

### Overview

Two counselors, a college & career advisor, and the registrar staff the guidance department. They handle student scheduling, testing, record keeping, and general student wellness needs. The counselors use the Missouri State Department of Education’s Model Guidance Program to meet the various needs of the student body. Additionally the department assists students with the college admission process. Certain situations concerning students, particularly those that involve student’s mental well-being may be handled through the guidance department rather than the principal’s office.

The State of Missouri minimum high school graduation requirements comprise 24 units of credit that must be earned prior to graduation. The requirements are stated in terms of the number of units of credit that must be earned in each of several subject areas. To earn one unit of credit, a student must meet all the course requirements and earn a passing grade in a course. Half- and quarter-units of credit may be earned for courses meeting proportionately fewer minutes. Following are the requirements by subject area and, in some cases, specific courses.

Personal Finance/ Elective		Personal Finance/ Social Studies		Personal Finance/ Practical Arts

### **Assessments**

The guidance department assumes responsibility for the school’s assessment needs including the scheduling and administration of locally, state and nationally mandated tests. Additionally, the guidance office oversees students’ registration for college entrance exams and those tests needed for placement in appropriate college courses (AP and others). (See Board Policy IL for additional information regarding assessments.)

### **Assessment Policy & Plan**

All students enrolled in the Maplewood Richmond Heights School District are expected to take the state-required assessments. Currently state law does not allow for students to opt out of statewide assessments. Additional information regarding district assessment can be found in Board Policy IL. This policy includes part-time, full-time, students on homebound instruction, and students who are homeschooled except for specified courses. Students are required to take all tests at their grade level. Additional testing may be administered to ensure that students are receiving appropriate instruction at their academic readiness level. District testing is outlined in the MRH Assessment Plan which is accessible on the district website at <http://www.mrhschools.net/curriculum/assessment>. A copy of the full plan may also be obtained by visiting the school office.

### **Accountability Reports**

District and building accountability reports are available through the Department of Elementary and Secondary Education Website. You may access the site by visiting the district website by navigating to the “About Us” section and clicking on “Key Facts”.

### **Early College**

This is an early-entrance-to-college program located on the campus of STLCC – Meramec. Students attend the program for two years, replacing the junior and senior years of traditional high school. While in the program, students are enrolled in a curriculum consisting of all college coursework taught by professors at STLCC – Meramec. Upon successful completion, students earn an Associate of Arts degree as well as a high school diploma. This is an opportunity for high performing and dedicated students to socialize and study in a learning community of peers.

### **Early Graduation**

A student may apply for early graduation if they have completed all graduation requirements and is choosing to leave high school for an appropriately planned post-secondary experience. Eligible students must have plans to attend a college or university, trade school, armed forces, or employment opportunity. Applications for early graduation must be made by the end of the first quarter of the seventh semester and must be approved by the principal following the verification of eligibility by the counselor and the coordinator of data and accountability.

The following procedures must be completed in order for a student to qualify for early graduation from the high school program:

- Submission of an application for early graduation by the last day of the first quarter of the seventh semester to the counseling office.
- Completion of senior check-out with College Advisor or counselor.
- Completion of graduation requirements, including:
  - Completion of all state and local required courses and credits
  - Passage of U.S. and MO Constitution Tests and Civics Test
  - Completion of required End of Course Exams
  - Complete required DESE CPR and Heimlich maneuver training.
- Pay all outstanding fines and fees.
- Return textbooks, and other school property.

- Complete the Student Services Senior Survey before 1st semester final exams.
- Complete check out with the technology department.

Students approved for this program may opt in or out of all spring senior events including graduation. Selections for Spring participation should be documented in the early graduation application. Official transcripts will be prepared once the student has completed all graduation requirements and has documented post-secondary plans. Diplomas will be conferred during the Spring graduation ceremony and will be mailed to those individuals who chose not to participate. Students who chose to graduate early are not eligible to participate in official MSHSAA activities.

### **Schedules/Schedule Changes**

Students will request classes in the spring for the following school year. Students and parents should refer to the Educational and Career Planning Guide distributed prior to course selection to guide the process. This guide is also available on the school district website. Prior to class schedules being complete, students will have had ample time to consider which classes meet their interests and needs. Students are encouraged to spend ample quality time studying the course descriptions before deciding upon course selections. Changes in course selection will not be permitted 2 weeks after classes begin without administrative approval. The following criteria is used when examining requests for such change:

- when a scheduling mistake has been made (enrolled in an advanced course without the prerequisite;
- when there is a need to balance classes;
- when classes must be cancelled due to insufficient enrollment;
- where it is determined by school officials that a circumstance exists whereby the student has little chance to realize success, or where the student has shown him/herself to be a disturbance to the class and has not shown a propensity to improve behaviors after admin. meetings.

### **Semester Final Exam Exemption Policy For Seniors**

#### Underlying Rationale and Beliefs:

Semester final exemptions should be a privilege, not a right. The fundamental purpose of final exemptions is to increase individual student attendance rates and improve classroom achievement. In addition, the final exemption policy also aims to improve overall student behavior and attitude toward school. **Senior students only** may choose to be exempt from the semester final exam in any course in which they meet the following criteria:

1. An average of 90% or higher during the semester of the selected course. No more than three (3) absences from class (excluding field trips)

## **HEALTH AND WELLNESS**

### **Abuse and Neglect**

If any employee of the district has reasonable cause to believe a student has been or may be subjected to abuse or neglect or observes the student being subjected to conditions or circumstances that would reasonably result in abuse or neglect, the employee will contact the Child Abuse and Neglect Hotline in accordance with law and Board policy.

### **Health Records and Notifications of Screening**

School nurses will maintain student health records, including emergency information forms for each student. The nurse will ensure that the school principal has access to all student health records. The nurse will store health records in a secure location, and any health information provided orally will be reduced to writing and stored appropriately. District employees shall not share information regarding a student's health in front of other students or staff members who do not have a need to know the information. Student records will be stored and disclosed in accordance with Board policy.

Screening tests for various health conditions (such as vision, hearing and scoliosis) will be conducted in accordance with administrative procedures. Students may also be weighed and measured. Parents/Guardians will receive a written notice of any screening result that indicates a condition that might interfere with a student's progress or health. In general, the school district will not conduct physical examinations of a student without parental consent to do so unless the health or safety of the student or others is in question or unless by court order.

Further, parents will be notified of the specific or approximate dates during the school year when any nonemergency, invasive physical examination or screening administered by the district is conducted that is:

1. Required as a condition of attendance.
2. Administered by the school and scheduled by the school in advance.
3. Not necessary to protect the immediate health and safety of the student or other students.

As used in this policy, the term "invasive physical examination" means any medical examination that involves the exposure of private body parts or any act during such examination that includes incision, insertion or injection into the body, but does not include a hearing, vision, head lice or scoliosis screening.

Parents or eligible students will be given the opportunity to opt out of the above-described nonemergency, invasive physical examination or screening.

### **Illness or Injury**

In the case of illness or injury, students should be issued a pass or escorted to the health office that is staffed by a nurse. **No service will be given to students without a pass unless emergency situations exist.** When the nurse is not in the building, the student should report to the principal's office. Should it be necessary for the student to be sent home, appropriate administration will be notified and proper arrangements will be made. All accidents must be reported to the Nurse and/or Principal and an accident report completed. This is important for school records and for any insurance claim that may be filed later.

### **Immunizations**

The district will exclude from school all students who are not immunized or exempted as required by law. Parents of students in the MRH preschool may ask if any child in the preschool has an immunization exemption on file. However, the district will not release the name of the child, the type of exemption, or any other information other than there is at least one child with an exemption pursuant to Policy JHCB.

### **Medication**

The district prohibits students from possessing or self-administering medications while on district grounds, on district transportation or during district activities unless explicitly authorized in accordance with policy JHCD. Medications will only be administered at school when it is not possible or effective for the student to receive the medication at home.

The School District of Maplewood Richmond Heights is committed to maintaining a safe environment to protect the health, safety and welfare of students, including students who may be at risk of suicide, without stigmatizing or excluding students from school. No student will be excluded from school based solely on the district's belief that the student is at risk of suicide.

The district will use an evidence-based/informed tool for determining whether a student is at risk of suicide or is having a suicide crisis. District employees will respond immediately in situations where they have a reasonable belief that a student may be at risk of suicide or may be having a suicide crisis. Actions may include:

- Immediately locating students and not leaving them along.

Employees are prohibited from promising students that information shared by the student will be kept secret when the information is relevant to the student's safety or the safety of another person.

Release of a student's individually identifiable education records will be made in accordance with the Family Educational Rights and Privacy Act (FERPA). In accordance with FERPA, information contained in a student's education records may be revealed at any time to the student's parents/guardians and school personnel who have a legitimate interest in the information. Education records may be shared with other appropriate persons when necessary to protect the health or safety of the student or others.

Starting no later than fifth grade, students will receive age-appropriate information and instruction on suicide awareness and prevention. Information and instruction may be offered in health education, by the counseling staff or in other curricula as may be appropriate.

### **Teaching About Human Sexuality**

Any course materials and instruction relating to human sexuality and sexually transmitted diseases shall be age appropriate, medically and factually accurate and shall, pursuant to the requirements of state law:

- Present abstinence from sexual activity as the preferred choice of behavior in relation to all sexual activity for unmarried students because it is the only method that is 100 percent effective in preventing pregnancy, sexually transmitted diseases and the emotional trauma associated with adolescent sexual activity.
- Stress that sexually transmitted diseases are serious, possible health hazards of sexual activity.
- Present students with the latest medically factual information regarding both the possible side effects and health benefits of all forms of contraception in a manner consistent with the provisions of federal abstinence education law.

## **HOMEWORK**

### **Philosophy**

At MRH High School we believe that homework is a natural extension of the work students complete in class. Homework deepens a student's understanding of the material learned in the classroom. Homework is vital for students to practice skills learned in class as well as to provide opportunities to prepare for future concepts. Homework also serves as a way for students to elaborate or extend learning in a particular area.

### **Homework Purpose**

Our faculty strives to make each homework assignment meaningful and purposeful. To that end homework gives students the opportunity to practice skills, prepare for a new topic or elaborate on material already introduced. Our faculty will share with students the purpose of each homework assignment assigned.

- **Practice:** students must reach a level of self-sufficiency in performing a learned skill. This kind of homework typically increases speed and accuracy.
- **Preparation:** Students must access prior knowledge about a topic to be learned. The focus of this type of assignment might ask a student to reflect on previous learning or think about what they want to learn.
- **Elaboration:** This type of homework might require students to conduct research, compare items, support a position or develop a graphic organizer of the information.

- **Reading and studying** are a part of homework as well. Teachers may ask that students spend time reading to increase fluency and comprehension while preparing students for discussions or key writing assignments. Students may also need to study, that is spend time reviewing material, notes and assignments to commit key information, ideas and concepts into their long term memory and to enhance understanding of a subject.

### **Student Homework Expectations**

We expect each high school student to complete his/her homework in a timely manner. We expect the following from each of our students.

- Use the MRH Planner or google calendar (or other appropriate planner) to record assignments.
- Use an organizational system that works for you. It may be a folder for each class, a binder with all assignments, or some other appropriate way of keeping track of each of your assignments for each class
- Expect to have about 20 minutes of homework each night for each class.
- Ensure that the appropriate materials are on hand. If you need something, ask someone at home or a staff member.
- Work with those at home to designate a quiet organized place for study.
- Produce neat, quality work.
- Turn in assignments on time and create study groups.
- Use study hall and the library, before the bell and beyond the bell as places to expand your learning and studying.
- Communicate with your teacher if you're having difficulty with a particular assignment or consistently have difficulty completing assignments.
- Take care of yourself physically, mentally, emotionally, and socially. Eat well, rest, and look for appropriate ways to relieve stress. If you need help with any of the above, see your counselor, teacher, principal or other person with whom you feel comfortable.

## **INTERNET USE GUIDELINES AND PROCEDURES**

### **Rationale**

Limited internet access is available, to students, teachers and administrators of the Maplewood-Richmond Heights School District while on campus. 2. World Wide Web (WWW) - Graphical interface to other sites all over the world using Microsoft Internet Explorer. Through this platform, one may access resources from thousands of archives worldwide.
3. Gopher - Access to documents and literature in a folder type design from universities, government sites, and many others.

A district technology user does not have a legal expectation of privacy in the user's electronic communications or other activities involving the district's technology resources including, but not limited to, voice mail, telecommunications, e-mail and access to the Internet or network drives. By using the district's network and technology resources, all users are consenting to having their electronic communications and all other use monitored by the district. A user ID with email access will only be

provided to authorized users on condition that the user consents to interception of or access to all communications accessed, sent, received or stored using district technology.

Electronic communications, downloaded material and all data stored on the district's technology resources, including files deleted from a user's account, may be intercepted, accessed, monitored or searched by district administrators or their designees at any time in the regular course of business. Such access may include, but is not limited to, verifying that users are complying with district policies and rules and investigating potential misconduct. Any such search, access or interception shall comply with all applicable laws. Users are required to return district technology resources to the district upon demand including, but not limited to, mobile phones, laptops and tablets.

The district will monitor the online activities of users and operate a technology protection measure ("content filter") on the network and all district technology with Internet access, as required by law. In accordance with law, the content filter will be used to protect against access to visual depictions that are obscene or harmful to minors or are child pornography. Content filters are not foolproof, and the district cannot guarantee that users will never be able to access offensive materials using district equipment. Evading or disabling, or attempting to evade or disable, a content filter installed by the district is prohibited.

All district employees must abide by state and federal law and Board policies and procedures when using district technology resources to communicate information about personally identifiable students to prevent unlawful disclosure of student information or records. Staff members may only communicate with students electronically for educational purposes between the hours of 6:00 a.m. and 10:00 p.m. Staff members may use electronic communication with students only as frequently as necessary to accomplish the educational purpose as outlined in policy GBH.

The district or designated agents of the district may make audio or visual recordings if in alignment with Policy KKB.

3. Practice good net-skills (see guidelines).
4. Learn to participate in discussions, forums, listservs (reference pages with lists according to topic), conferences, etc. where appropriate. 2. The facts on which the statement is based and the specific requirement allegedly violated.

### **7. How will a complaint filed with the Department be investigated?**

The investigation and complaint resolution proceedings will be completed within a time limit of forty calendar days. That time limit can be extended by the agreement of all parties. The following activities will occur in the investigation:

1. **Record.** A written record of the investigation will be kept.

determines that it is necessary. The investigation may be continued beyond the thirty day limit at the discretion of the Department. At the conclusion of the investigation, the Department will communicate the decision and reasons for the decision to the complainant and the LEA. Recommendations and details of the decision are to be implemented within fifteen days of the decision being delivered to the LEA.

#### **10. What happens if a complaint is not resolved at the state level (the Department)?**

The complainant or the LEA may appeal the decision of the Department to the United States Department of Education.

#### **Family Engagement Policy**

Family engagement is encouraged in Policies KC and KD. Patrons of the district are encouraged to express ideas, concerns and comments about school programs through written correspondence, service on citizen advisory committees and responses to surveys authorized by the Board, in accordance with Board policies and procedures for receiving public complaints and public participation at Board meetings, and as otherwise authorized or required for district participation in state and federal programs. It is the Board's intent to establish partnerships that will increase parental involvement and participation in promoting the social, emotional and academic growth of children.

The district will encourage parents to be involved in supporting the education of their children in at least the following ways:

- the development of long-range planning for the district and in the process of reviewing the plan and continuous improvement.

If you would like such information, a written request should be submitted to the building principal where the teacher is assigned. ## **Dances**

School dances are to be held in our school with exception of the Junior-Senior Prom. Non MRH Students are to register before the dance. **Date registration must be done by 2:30 p.m. on the day preceding the dance. NO outside guest may be admitted without this completed form.** At least one member of each registered couple must be an MRH Student. Students suspended are not eligible to participate in any school activities. In order to provide a safe environment, students, or guests, may be refused admittance to any school dance, or function, at the discretion of the administration. **Doors close for admission two hours after the dance start time. All school policies are in effect at all school sponsored dances regardless of the location**

## **Student Government/Elections**

It is imperative that great care be exercised in all nominations and elections involving students. All student candidates for class officers, student council, maids, queens, and other elective offices must be judged eligible by the activity director and/or principal. Specifically, this means that each candidate must be a good citizen and have a minimum of C- average for all subjects at the time of nomination. These standards are to be maintained during the term of office. Student suspensions may render a student ineligible to hold office, or participate as suspensions reflect poor school/community citizenship. Violations of Municipal Ordinance, State Law, or Federal Law, may further render students to be of poor citizenship or character. School administrators may determine that it is in the best interest of the school district that a particular individual not represent our school or community.

# **STUDENT SAFETY PROTOCOL AND PROCEDURES**

## **Contacts by Guardian Ad Litem and Court-Appointed Special Advocate**

When a court-appointed guardian ad litem or special advocate finds it necessary to interview a student during the school day or during periods of extracurricular activities, the school principal or designee must be notified. The principal will verify and record the identity of the individual through the court order that appoints him or her. The interview must be conducted in a private setting and with the least disruption to the student's schedule.

## **Interview with the Children's Division**

Representatives of the Children's Division (CD) of the Department of Social Services may meet with students on campus. If the student is an alleged victim of abuse or neglect, CD may not meet with the student in any school building or child care facility where the abuse of the student allegedly occurred. The principal will verify and record the identity of any CD representatives who request to meet with or take custody of a student.

## **Interview with Police or Juvenile Officers/Other Law Enforcement Officials**

Law enforcement officials may wish to interview students regarding their knowledge of suspected criminal activity and may wish to interrogate students who are themselves suspected of engaging in criminal activity. Such interviews and interrogations are discouraged during class time, except when law enforcement officials have a warrant or other court order or when an emergency or other exigent circumstances exist. It is the responsibility of the principal or designee to take reasonable steps to prevent disruption of school operations while at the same time cooperating with law enforcement efforts.

When law enforcement officials find it necessary to question students during the school day or during periods of extracurricular activities, the school principal or designee will be present and the interview will be conducted in private. The principal will verify and record the identity of the officer or other authority and request an explanation of the need to question or interview the student at school. The principal will make reasonable efforts to notify the student's parents/guardians prior to the interview unless the interviewer raises a valid objection to the notification.

## **Removal of Students from School by Law Enforcement Officials**

Before a student at school is arrested or taken into custody by a law enforcement official or other legally authorized person, the principal will verify the official's identity. To the best of his or her ability, the principal will verify the official's authority to take custody of the student. The school principal will attempt to notify the student's parents/guardians that the student is being removed from school.

### **School Resource Officers**

The school resource officer (SRO) may interview or question students regarding an alleged violation of law. A school resource officer may also accompany school officials executing a search or may perform searches under the direction of school officials.

### **Student Supervision**

The district will not be responsible for supervising students outside of the stated daily schedule for each building. Students should not be dropped off or left at school during unsupervised times.

### **Student Safety**

Students have no expectation of privacy in lockers, desks, computers or other district provided equipment or areas. Student property may be searched based on reasonable suspicion of a violation of district rules, policy or law. Reasonable suspicion must be based on facts known to the administration, credible information or reasonable inference drawn from such facts or information. Searches of student property shall be limited in scope based on the original justification of the search. The privacy and dignity of students shall be respected. Searches shall be carried out in the presence of adult witnesses and not in front of other students, unless exigent circumstances exist.

The school retains the authority to conduct routine patrols of any vehicle parked on school grounds. The interior of a student's automobile on school premises may be searched if the school authority has reasonable suspicion to believe that such a search will produce evidence that the student has violated or is violating either the law or district policy.

The administration may contact law enforcement officials to perform a search if the administration reasonably suspects that a student is concealing controlled substances, drug paraphernalia, weapons, stolen goods or evidence of a crime beneath his or her clothing and the student refuses to surrender such items. Law enforcement officials may be contacted for assistance in performing a search in any case in which a student refuses to allow a search or in which the search cannot safely be conducted.

School employees and volunteers, other than commissioned law enforcement officers, shall not strip search students, as defined in state law, except in situations where an employee reasonably believes that the student possesses a weapon, explosive or substance that poses an imminent threat of physical harm to the student or others and a commissioned law enforcement officer is not immediately available. If a student is strip searched, as defined in state law, by a school employee or a commissioned law enforcement officer, the district will attempt to notify the student's parents/guardians as soon as possible.

During an examination, and if reasonable under the circumstances, school employees may require students to empty pockets or remove jackets, coats, shoes and other articles of exterior clothing that when removed do not expose underwear. Employees may also remove student clothing to investigate the potential abuse or neglect of a student, give medical attention to a student, provide health services to a student or screen a student for medical conditions.

### **Teaching about Human Sexuality**

Any course materials and instruction relating to human sexuality and sexually transmitted diseases shall be age appropriate, medically and factually accurate and shall, pursuant to the requirements of state law:

- Instill in students the importance of having open communication with responsible adults, reporting any inappropriate situation, activity or abuse to a responsible adult and, depending on intent and

- content, to local law enforcement, the Federal Bureau of Investigation (FBI) or the National Center for Missing and Exploited Children's "CyberTipline."
- Present abstinence from sexual activity as the preferred choice of behavior in relation to all sexual activity for unmarried students because it is the only method that is 100 percent effective in preventing pregnancy, sexually transmitted diseases and the emotional trauma associated with adolescent sexual activity.
  - Stress that sexually transmitted diseases are serious, possible health hazards of sexual activity.
  - Present students with the latest medically factual information regarding both the possible side effects and health benefits of all forms of contraception in a manner consistent with the provisions of federal abstinence education law.
  - Include a discussion of the possible emotional, psychological and legal consequences of preadolescent and adolescent sexual activity.
  - Teach skills of conflict management, personal responsibility and positive self-esteem.
  - Teach students about the characteristics of and ways to identify sexual predators.
  - Teach students safe and responsible Internet use, including the dangers of online sexual predators, when using electronic communication methods.
  - Explain the potential consequences, both personal and legal, of inappropriate text messaging and sexting.

The parent/guardian of each student has the right to remove the student from any part of the district's human sexuality instruction. Additional information can be found in Policy IGAEB.

## **FREQUENTLY ASKED QUESTIONS**

### **How are students with disabilities included in required state testing?**

All decisions about how a student with a disability will be tested are made by the student's IEP team and documented in the IEP. Students with disabilities take all MAP content-area assessments (or portions of each content-area assessment as determined by the IEP team) or the MAP Alternate Assessment. For students taking the MAP-A, district standardized assessments, such as Aspire will be given at the student's instructional level if stated in the IEP. In making decisions about accommodations, the IEP team has the responsibility and the authority to determine individual accommodations that students need to support and ensure their participation in the MAP. As per state guidelines, any accommodations made are deemed necessary for all testing situations, not just for the MAP.

### **How are students who are learning English included in testing?**

ELL students who are receiving ELL services or who are being monitored, take the WIDA as a screening measure when they enter the district and the ACCESS assessment during the spring of each year to monitor progress toward English Language Proficiency. ELL students are tested with the MAP, regardless of the length of time that the students have been in the United States, except in the area of Communication Arts. Students who have been in the United States less than one year are not required to take the MAP Communication Arts assessment.

### **How are assessment results used and disseminated?**

Assessment results are summarized annually in the MRH Assessment Report and presented to the Board of Education in November of each school year. Additionally, results are presented to the Teaching and Learning Council annually and subsequently shared with each Curriculum Action Team (CAT). Each CAT analyzes the data from their respective content area looking for strengths and weaknesses, identifying instructional priorities for the coming year. CATs also analyze the data from the perspective of the process standards to ensure that the way instruction is taking place is aligned with the process standards.

Each elementary classroom teacher assesses his/her students in reading at the beginning of the school year and at the end of the year. Students who are below grade level are also assessed in January. Teachers regularly assess students with running records during instruction. Elementary classroom teachers assess writing using a variety of rubrics including those that are teacher-developed. Teachers regularly assess students' reading with running records during instruction. Elementary teachers use a variety of rubrics that are teacher developed. Teachers have had training on the administration of the assessments used (Star 360, Dominic, F&P, and running records). Teachers in grades K-2 have also had training in miscue analysis.

Data is shared through the Language Arts Curriculum Action Team in each building. Students in grades K-1 can be assessed monthly using Star 360 probes in reading and mathematics. These ongoing assessments provide diagnostic information to classroom teachers to inform classroom instruction and monitor students' progress. They also provide data that can be used to determine a student's response to specific interventions. Students in grades 1-6 are assessed three times a year using STAR 360 Reading or Early Literacy. These ongoing assessments provide formative information to classroom teachers to inform classroom instruction and monitor students' progress. In grades 9-12 the Scholastic Reading Inventory is administered to all students to identify students needing varying levels of support or enrichment.

Reading and writing at the middle school and high school are monitored by the language arts staff and the reading specialist. Assessment at the middle school level focuses on ensuring that no student "falls through the cracks" and on providing individual support through focused interventions. All core teachers are provided the information and consult with the reading specialist to incorporate reading strategies that will optimize student success. During the middle school years, the BRI and Journey assessments, along with other selected tests, are administered to students as needed to obtain diagnostic information needed to customize reading support for individual students.

At the end of seventh or eighth grade prior to the year in which formal algebra begins, the Iowa Basic Skills Algebra Aptitude Test results are used along with teacher recommendations to identify students' readiness level for Algebra and to determine who needs additional support or enrichment in Algebra in ninth grade. The items on this assessment are analyzed for specific content areas. The individual student analysis is provided to the ninth grade teachers while group analysis is used to identify areas in the curriculum that may need additional emphasis at the middle school level.

#### **What test-taking strategies are taught to students?**

MRH CAT teams include specific recommendations in each curriculum document regarding assessment methods that give students practice with constructed response, multiple choice, and performance events. Students are provided with ongoing opportunities to practice test-taking strategies within the classroom.

#### **What is the test security policy for state-required assessments?**

Test materials may not be photocopied, duplicated, or made accessible to personnel not responsible for testing. When not in use, test materials are stored in locked areas at the MRH Central Office or in locked areas at the school buildings. Teachers may not see the test booklets prior to testing. Prior to standardized testing, all staff administering tests attend a building faculty training and review the examiner's manual to ensure consistency of administration, compliance with guidelines, and adequate preparation of the testing environment. For students who attend out-of-district schools, the Student Services Director delivers the appropriate number and type of test materials to the student's school prior to the first day of testing and picks them up for delivery back to MRH for scoring with the other MRH tests.

#### **How does MRH address compliance with Senate Bill 319?**

Senate Bill 319 requires assessment of students in grades 3-6 (with some exceptions) to determine their reading level as well as individualized "reading improvement plans" for students in grades 4-6 who are substantially below grade level in reading. Additional reading instruction is required for students with

reading improvement plans. Retention of students in grade 4 is expected if they are reading below the third-grade level (several exceptions to this requirement are specified in law).

In addressing this law, grade level equivalencies are determined using multiple measures. At MRH, our primary measures also serve instructional roles in our program: Fountas and Pinnell Benchmark Assessment and STAR360 Reading. Additional measures may be used to confirm inconclusive results.

All students in grades 1-6 who are significantly below grade level have a reading literacy plan. The RTI process helps ensure that all students' individual needs are considered in planning and supporting on grade level reading ability.

### **How Does MRH address Senate Bill 635 (Dyslexia Screening)?**

MRH complies with the provisions of SB 635 by providing universal screening to help early identification of students with characteristics consistent with dyslexia. All students in grades K-3 will receive annual screening. Students in grades 4-12 new to MRH or who are receiving reading services will also be screened. All testing will be consistent with the district assessment plan and the MRH dyslexia plan adopted by the Board on June 21, 2018. A copy of the plan may be obtained by visiting the school office.

### **Who maintains the students' records?**

In order to provide students with appropriate instruction and educational services, it is necessary for the district to maintain information about students. It is essential that pertinent information in these records be readily available to appropriate school personnel, be accessible to the student's parents or legal guardians or the student, in accordance with law (Family Educational Rights and Privacy Act), and be treated as confidential information. A parent, including a parent without custody, will have the right to inspect and receive copies of his or her child's records as allowed by law. A parent also has the right to request that the school correct records which they believe to be inaccurate. Generally, schools must have written permission from the parent or eligible student in order to release any information from a student's education record. However, FERPA allows schools to disclose those records, without consent, to the following parties or under the following conditions (34 CFR § 99.31):

- School officials with legitimate educational interest;
- Other schools to which a student is transferring;
- Specified officials for audit or evaluation purposes;
- Appropriate parties in connection with financial aid to a student;
- Organizations conducting certain studies for or on behalf of the school;
- Accrediting organizations;
- To comply with a judicial order or lawfully issued subpoena;
- Appropriate officials in cases of health and safety emergencies; and
- State and local authorities, within a juvenile justice system, pursuant to specific State law.

More specific information about student records can be accessed under Board Policy JO and JO-R from the district website.

### **What information is listed in the Directory?**

"Directory Information" is information contained in an education record of a student that would not generally be considered harmful or an invasion of privacy if disclosed. The school district designates the following items as "Directory Information:" student's name; parent's name; address; telephone number; electronic mail address; date and place of birth; grade level; major field of study; enrollment status (e.g., full-time or part-time); participation in officially recognized activities and sports including audiovisual or photographic records of the openly visible activities thereof (e.g., artistic performances, sporting contests, assemblies, service projects, awards ceremonies, etc.); weight and height of members of athletic teams; dates of attendance; degrees, honors and awards received; most recent previous school attended; and photographs including photographs of regular school activities that do not disclose specific academic information about the child and/or would not be considered harmful or an invasion of privacy.

Directory Information is considered a "public record" that must be released by the district to any person who requests it under the Missouri Sunshine Law.

Parents may provide notice in writing to the school district that they choose to not have this information or any portion of the "Directory Information" released. Unless notified to the contrary in writing, the school district may disclose any of those items designated as "Directory Information" without the parent's or eligible student's prior written consent including in print and electronic publications of the school district.

**Do military recruiters still visit the schools?**

The district will provide military recruiters and institutions of higher education the names, addresses and telephone numbers of secondary school students unless the parents/guardians or 18 year old student submits a written request not to release the information without prior written consent.

**What is the purpose of the surveys that are given in school or via online?**

The district will take measures to protect the identification and privacy of the students participating in a protected information survey, regardless of the source of funding. These measures may include limiting access to the completed surveys and the survey results as allowed by law. All student educational records will be protected in accordance with law and Board policies JO and JHDA.

Any parent may inspect, upon request, instructional material used as part of the educational curriculum and instructional materials that will be used in connection with surveys as part of any applicable program. A parent may inspect, upon request, a survey created by a third party before the survey is administered or distributed by a school to a student. The term "instructional material" does not include academic tests or academic assessments. In general, the district will not collect, disclose or use personal student information for the purpose of marketing or selling that information or otherwise providing the information to others for that purpose.
