## Selective Service Are You A Young Man, 18 years of age?

All young men who are 18 years of age must register with the Selective Service. Those who fail to register may be denied student loans, scholarships, governments jobs, or a drivers license in most states. If you are a male immigrant seeking to become a citizen, you must also be registered.

Registering with Selective Service is important for your future. It keeps you eligible for many opportunities AND it is the law
