College Counseling

Seniors!: Here are a few things to be working on as you're planning for after graduation: 1. Log in to the accounts/portals of the schools you've been accepted to and look at your financial aid packages 2. Apply for scholarships, especially the local scholarships 3. Let me know what your final plans are for after graduation!

Decision Day is coming up quickly, and we want everyone to have a post-high school plan by that day (May 5th). Check [this list](#) to make sure you've completed the Decision Day requirements so you can participate in our event! There is still plenty of time to complete the requirements by the deadline.

If you need help applying to colleges, finding scholarships, reading financial aid letters, or just trying to decide what you should do after graduation, email me at lilian.velasco@mrhschools.net so we can set up a time to meet!

Selective Service Are You A Young Man, 18 years of age?

All young men who are 18 years of age must register with the Selective Service. Those who fail to register may be denied student loans, scholarships, governments jobs, or a drivers license in most states. If you are a male immigrant seeking to become a citizen, you must also be registered.

Registering with Selective Service is important for your future. It keeps you eligible for many opportunities AND it is the law
